

PUBLIC NOTICE

BOAT LAUNCH CLOSED

TEMPORARY CLOSURE - UNTIL FURTHER NOTICE

Resulting from damage caused by the high lake levels over the spring and summer of 2019, the Summer Village of Nakamun Park has closed public access to the Boat Launch. Council is aware of the importance of the boat launch to the community and Administration has made applications with the required provincial and federal water authorities to allow the municipality to complete any required remediation works. Unfortunately, these applications are still in the review process and the temporary closure of the boat launch remains in effect until further notice. **For your safety and protection, please respect the barriers and do not enter the restricted zone until the boat launch rehabilitation is complete.**

The municipality appreciates the inconvenience the closure of the boat launch has on the community. **For those needing to get access to the lake to remove your watercraft prior to the end of this season, there is an alternate boat launch near the community of Four Oakes, just east of the summer village (SE 35-56-02 W5M).** If you need to use this alternate access point, please be respectful of the Four Oakes community and take note of any traffic, community or boat launch regulations which may apply.

IF YOU HAVE QUESTIONS REGARDING THIS PUBLIC NOTICE, THE BOAT LAUNCH CLOSURE IN GENERAL, OR REQUIRE ASSISTANCE PLEASE CONTACT THE MUNICIPAL OFFICE AT 780-967-0271 (OR EMAIL CAO@SVNAKAMUN.COM).
